**Education Board Holds First Meeting With Newly Formed 'Advisory' Group**

Torrance Board of Education met Tuesday night with a five-man committee named to advise it on financial matters.

The board's instructions to the committee were that it is to meet and study the district's financial structure and expenditures or make recommendations or comments as it sees fit. When conclusions are reached, the committee will make either a preliminary or final report for possible action by the board.

President William C. Boswell said that the committee's actions could be "permissive," with the group empowered to gather financial facts from whatever sources it sees fit, and to ask for expert help, if needed.

**"NOT A GIMMICK"**  
The committee is not a "gimmick," he said, but represents a serious attempt to get "outsiders' opinions, on possible improvements in the school system.

Members of the committee

**SITUATION NORMAL**  
"Situation well in hand" is the report of local Marine Reservists as their annual "Toys for Tots" drive neared completion. The toys are ticketed for distribution to thousands of less fortunate children at Christmas time.

Last minute donations are filling collections barrels in fire stations and stores throughout the area. From these collection points, toys are taken to the Marine Corps Reserve Training centers, sorted, and hurried on to charitable organizations that handle the distribution.
